## **Homeland Security Appropriations Requests**

**The following requests are Idaho-related projects supported and sponsored by Senators Crapo and Risch:**

**Project Name:** Air Cargo Screening Solution

**Amount Requested:** \$10,000,000

**Recipient:** Idaho National Lab

**Location:** Idaho Falls

**Public Interest:** To conduct research and development for the next generation of air cargo screening technologies.

**Description:** To help develop the next generation of air cargo screening technologies to ensure the safety of air passengers and aircraft.

**Project Name:** Cyber Attacks on Control Systems Vulnerability Analysis, Testing, and Mitigation

**Amount Requested:** \$4,000,000

**Recipient:** Idaho National Laboratory

**Location:** Idaho Falls

**Public Interest:** For development of control systems against cyber attacks.

**Description:** To develop an enhanced, fully operational capability to conduct analysis of cyber attacks, vulnerability discovery, mitigation engineering and operational training for the DHS National Cyber Security Division.

**Project Name:** Mitigation CI Vulnerabilities to IEDs

**Amount Requested:** \$2,000,000

**Recipient:** Idaho National Laboratory

**Location:** Idaho Falls

**Public Interest:** To help prevent, detect, and protect against terrorist use of explosives and improvised explosive devices on critical infrastructures across the country.

**Description:** To develop adaptable/affordable recommendations to eliminate/mitigate damage in Tier 1 and Tier 2 facilities, key resources, and soft commercial targets

**Project Name:** Pre-Disaster Assessment and Mitigation

**Amount Requested:** \$350,000

**Recipient:** Petroleum Terminal Facilities

**Location:** Boise

**Public Interest:** To study the pre-disaster mitigation of the facility and assess the potential to move the site to a more remote location.

**Description:** To help eliminate major environmental and security risks by evaluating all critical issues in relocating the Boise, Idaho, petroleum terminal facility to a more remote location.

**Project Name:** Rapid Responder Crisis Management System

**Amount Requested:** \$62,500

**Recipient:** North Idaho College

**Location:** Coeur d'Alene

**Public Interest:** For public safety.

**Description:** To help North Idaho College protect its public campus by improving emergency management and crisis response.
